Ministry to Kids!*

↪

The AIM OF THIS WORKSHOP
is to challenge and equip adults
to engage in *relational* ministry
through a working knowledge
of the culture of kids.

What is KIDODOLOGY anyway?

Definition of Kidology:
the study of **kids** (how they think, relate, communicate and learn) and **their world**.

**Think of Children's Workers
as cross cultural ministers.**

**To be effective you
must learn the culture.**

I. Learn the language: **Humor**

**What makes them
laugh; what *they* like
to talk about.**

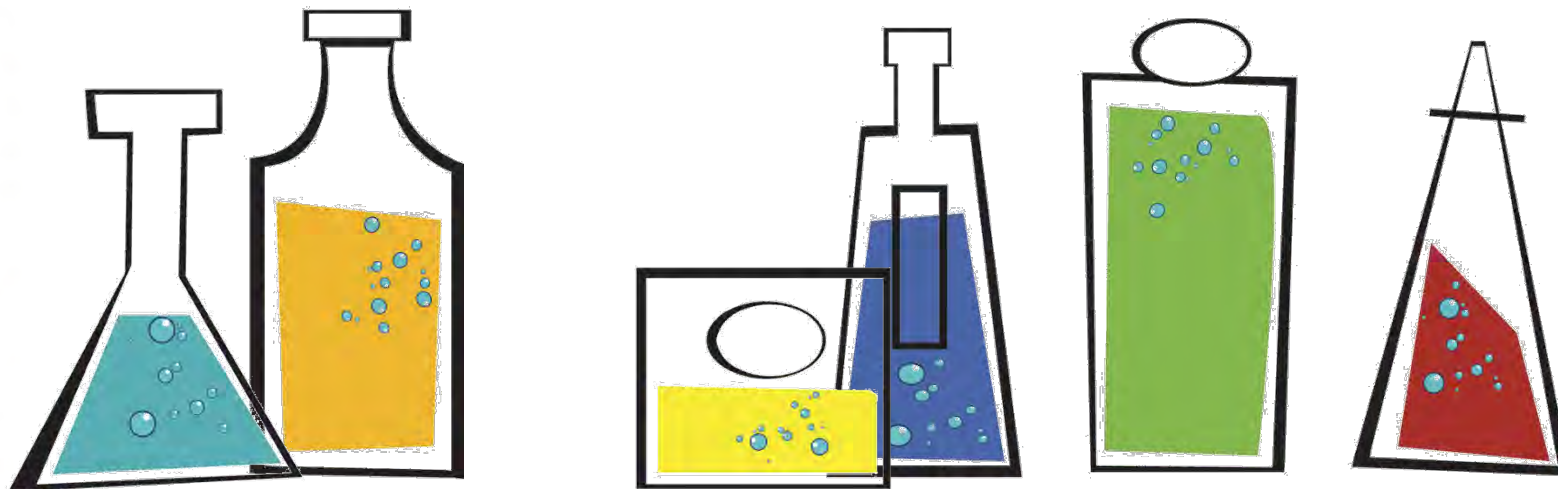

2. Learn their work: Play

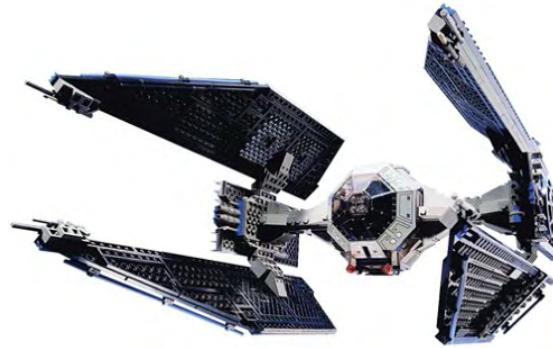

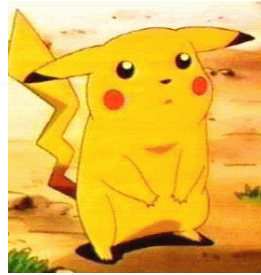

Get to heart of Play, play with them, learn about the things they play and the things they play with.

3. Learn their 'stuff': Toys

**Keep up on the latest thing
kids are into: toys, music,
sports, shows, magazines,
food, games, hobbies, etc.**

KIDOLOGY asks, **“What are KIDS INTO?”**

ULTIMATELY,

**You are building a bridge,
NOT for them to enter your world,
but for you to GO TO WHERE THEY
ARE and bring with you God's Love
and the Gospel!**

**See ya on
Kidology.org**
